Private Events at Heartwood

Heartwood is a warm, naturalistic cocktail bar & lounge in the center of San Francisco's Financial District, a stone's throw from the iconic Transamerica building and its neighboring redwood grove. Located on the ground floor of a 1907 brick and timber building, Heartwood resides along Commercial Street, one of the main conduits of the old "Barbary Coast" nestled between China Town and North Beach. Heartwood offers craft cocktails, elevated bar fare and lunch served with warm hospitality by a welcoming and seasoned staff.

The 2000 square-foot space boasts 15-foot ceilings and a lush style inspired by trees and the surrounding historic area. Seating options create a variety of places for guests to gather, including the dramatic silver maple bar, leather clad couches, standing drink rails, or the cozy lounge area. The décor is enhanced by one-of-a-kind nature inspired art, a floor to ceiling mural, and smoked mirrors throughout. Operable accordion windows along the entire façade of the venue open upon tree-lined Commercial Street, giving the space a quaint European vibe. The space has original wood posts and floors, a tin ceiling and classic brick walls, making it a comfortable space for intimate gatherings or larger reception style events.

Heartwood can accommodate group reservations (min 12 ppl), semi-private events for up to 60 guests, or full buyouts/private events for up to 150 guests. The space is available for a variety of gatherings including luncheons, cocktail receptions, after parties, and wedding receptions. Fully customizable food and drink menus are offered along with other amenities such as photo booths, DJs, A/V equipment and special drink carts. Let us help you create a memorable event!
